July 14, 2020

Hello Rosholt Parents:

The Rosholt School District School Board recently met and reviewed our [plans for Reopening of Schools](#) for the 2020-21 school year. Our planning benefited greatly from parental responses to a recent re-entry survey; thank you for participating in that survey. In this planning document, we outlined instructional design solutions in response to the COVID-19 pandemic. Please know that our highest priority is keeping our school and community safe. Should our community's health allow for such an instructional reentry strategy, bringing students back to a traditional classroom learning model using enhanced safety and health protocols is also a top goal. The re-entry plan is also available for viewing on [our school district website](#).

Planning for Fall 2020 requires continuous flexibility due to the fluid situation presented by the COVID-19 pandemic. Yesterday, we took our next big step toward a school wide reopening by welcoming 80-students to face-to-face summer school. We are resolute on providing these students with safe learning experiences while working out greater district-wide re-entry planning.

As information we need for making informed decisions becomes available and/or also changes rapidly (due to evolution of the COVID-19 situation), we will update you between now and September, as well as after the school year has started. If you would like additional explanation regarding our planning or more details on any of the points described in the presentation, please feel free to contact me at (715) 677-4542 or cthompson@rosholt.k12.wi.us.

We will continue our commitment toward keeping you informed on the progress of our work and any changes that may be required at Rosholt School District. Please watch your email and our website for additional updates.

Thank you, in advance, for your support with our reentry planning and work ahead.

Sincerely,

A handwritten signature in black ink, appearing to read 'CTH'.
